

RAMANDEEP SINGH

Flutter & Android Developer · B.Tech CSE '28 · CGPA 8.563

Delhi, India · 9310543116 · ramandeep3sep@gmail.com · [linkedin.com/in/raman-exc](https://www.linkedin.com/in/raman-exc) · github.com/ramanexc

PROFILE

First-year B.Tech CSE student with hands-on experience in cross-platform mobile development using Flutter and Firebase. Built two production-grade apps — including a disaster-relief coordination platform for Google Solution Challenge 2026 and an AI-powered NGO field reporting system. Seeking campus placement opportunities to apply and grow skills in mobile and software development.

GuruHarkrishan Public School, Loni Road, Delhi

2024

78%

Class 10 (CBSE)

GuruHarkrishan Public School, Hargobind Enclave, Delhi

2022

92.6%

PROJECTS

ReliefNet — Disaster Relief Coordination App

Jan 2025

Flutter · Firebase · Firestore · Gemini AI · Google Maps API

- Cross-platform mobile app bridging disaster-affected individuals with verified NGO volunteers in real time via a live geo-tagged report feed.
- Implemented Firestore-backed reporting system with urgency levels, photo/video attachments, and auto-fetched GPS coordinates.
- Integrated Gemini AI to automatically analyse every incoming report — surfacing situation summaries, 3 actionable solutions, required volunteer skills, and priority level — before dispatch.
- Built 4-stage volunteer task workflow (Assigned → En Route → On Site → Done) with 1 km geofence arrival confirmation and photo-proof completion.
- Addresses UN SDGs 1, 3, 11, and 17; built with a 3-member team for Google Solution Challenge 2026 — Google's flagship global student hackathon.

TECHNICAL SKILLS

Mobile Development Flutter, Dart, Android App Development

Backend & Database Firebase, Cloud Firestore, Firebase Auth, Firebase Storage

APIs & Integration Gemini AI API, Google Maps API, Google Places API

Tools Git, GitHub, VS Code

Exploring AI / ML integration in mobile applications

ACHIEVEMENTS

-
- Google Solution Challenge 2026 — Competed in Google's flagship global hackathon as a first-year student, building ReliefNet against thousands of teams worldwide.
 - Academic Excellence — CGPA of 8.563 in B.Tech CSE (ongoing); scored 92.6% in Class 10 CBSE.
